

Conflict Minerals Statement

The Directors of Pinewood Electronics Limited support the Conflict Mineral Law within the Dodd-Frank Wall Street Reform and Consumer Protection Act.

We are committed to conform to this act and accordingly will take all reasonable actions to ensure that no Conflict Minerals are used in the manufacture of components or products that we supply.

Please note that we are neither a manufacturer nor do we exert any actual influence over any manufacturing processes involved in producing the items that we sell.

It should be noted that we act purely as a distributor of finished items.

We will endeavour to raise awareness and provide information to assist others wherever possible.

Yours faithfully

Darren Lacey
Managing Director

Pinewood Electronics Limited
